Salas Financial 9320 Chesapeake Drive Suite 116 San Diego, CA 92123

RE: Fernandes, Cesar & Maria

324 Fransil Lane Turlock, CA 95380

File No. **22-0232**

Case No.

Dear Maria,

In accordance with your request, I have personally inspected and prepared an appraisal report of the real property located at:

324 Fransil Lane, Turlock, CA 95380

The purpose of this appraisal is to estimate the market value of the property described in the body of this appraisal report.

Enclosed, please find the appraisal report which describes certain data gathered during our investigation of the property. The methods of approach and reasoning in the valuation of the various physical and economic factors of the subject property are contained in this report.

An inspection of the property and a study of pertinent factors, including valuation trends and an analysis of neighborhood data, led the appraiser to the conclusion that the market value, as of **08/24/2022** is:

\$ 420,000

The opinion of value expressed in this report is contingent upon the limiting conditions attached to this report

It has been a pleasure to assist you. If I may be of further service to you in the future, please let me know.

Respectfully submitted,

Signature:

Gregory L. Levitt AL031586

INVOICE

Date: 08/30/2022 File No. 22-0232

Case No.

Prepared for:

Maria Salas Salas Financial 9320 Chesapeake Drive Suite 116 San Diego, CA 92123

Levitt Appraisal Service COMMENT ADDENDUM

File No. **22-0232** Case No.

Borrower Fernandes, Cesar & Maria

Property Address 324 Fransil Lane						
City Turlock	County	Stanislaus	State	CA	Zip Code	95380
Lender/Client Salas Financial	·	Address 9320 C	hesapeake Dri	ve Suite 116, S	San Diego, CA 9	92123

COMMENTS ON NEIGHBORHOOD DESCRIPTION:

The subject is located within a unincorporated area of the City of Turlock in southern Stanislaus County and near the Stanislaus and Merced County lines. The area consists of various styles of rural/residential ranchette properties including single and two story, with various floor plan styles, bedroom and bathroom counts located on parcels ranging from .5 acres to over 80 acres. The subject is of the same general construction for the area. In addition to SFR's, the area is comprised of agricultural properties with some commercial properties interspersed throughout the area.

COMMENTS ON MARKET CONDITIONS:

The area has had moderate sales volume with values for similar rural/residential properties increasing over the previous twelve months with the subject's market segment of homes reflecting a median sales price increase of 7% during this span. Current interest rates remain favorable, with supply and demand in balance. The subject's market area consists predominately of traditional sales, with some REO and short sale properties visible.

As of the effective date, the short and long-term impact on the market from the COVID-19 virus is unknown; however, as stay at home restrictions have been lifted, marketing times appear to have remained stable (between 14 - 45 days when properly listed) and market activity appears steady. These conditions have been taken into consideration with regards to the estimate of reasonable exposure time. At this time, restrictions on showings allow for one agent and two clients per viewing, however, this does not appear to have had a delay in market activity, and no significant long-term shift in demand or supply has been noted that would result in a change in market prices.

The state of California has recently experienced catastrophic wildfires, however, the subject and surrounding area have not been physically affected. This does not appear to have had any negative impact on values or marketability.

HIGHEST AND BEST USE:

The existing use supports the four functions of Highest and Best Use both as vacant and as improved. The current use is physically possible, legally permissible, financially feasible and is the most productive use of the site. Any change now or in the foreseeable future is highly unlikely.

COMMENTS ON SUBJECT SITE:

There are no adverse conditions known or observed. The subject is a typical rural/residential parcel for this area. The appraiser was not provided with a copy of the preliminary title report, and therefore, cannot guarantee that property is free of encroachments or easements, and recommends further investigation and survey. There is no external obsolescence noted. The lack of off-site improvements (i.e. curbs, gutters and sidewalks) and the use of private utilities (i.e. well and septic) is typical for the area and does not appear to have any negative impact on value or marketability. The subject is zoned "IPB; Industrial Business park." According to the City of Turlock Planning Department, the subject is considered to be a legal non-conforming parcel size for this zone designation. However, in the event the subject dwelling were to ever succumb to fire, it could be rebuilt to its current footprint. This does not appear to have any negative impact on value or marketability.

COMMENTS ON CONDITION OF IMPROVEMENTS:

The subject is of average quality construction and in fair to average overall condition, with areas of deferred maintenance noted. There is no functional obsolescence noted. At the time of inspection all utilities (i.e. water, gas and electric) were on and appeared to be in working order. All kitchen appliances and cabinetry were present and appeared functional. The owner is in the process of installing new laminate flooring and, at the time of inspection, the flooring in one of the bedrooms was incomplete, with the other two bedrooms still having the carpet flooring installed. In addition, the bathroom had mis-matched flooring, the interior paint was nearing the end of its effective life and the rear yard reflected deferred maintenance. The appraiser was not granted access to the rear of the parcel and was only able to view the portion to the side of the dwelling (see photo addendum). Visible from the street and rear of the dwelling, the appraiser noted a large structure, that according to the owner, was a barn. Aerial views utilizing Googlemaps (see photo addendum) reflect this structure is of sub par construction and a possible safety hazard due to a makeshift second floor portion.

COMMENTS ON SALES COMPARISON APPROACH:

All comparables are from within the subject's market area and have been adjusted for their significant differences. Comparables #1, #2 and #3 required adjustments to reflect their date of sale within the increasing market conditions present within the subject's market area (@ .6% per month from date of contract). Comparables #1, #3 and #4 required adjustments to reflect their significant differences in GLA square footage (@ \$40/sf for differences in excess of 100/sf) and to reflect their differences in garage space (@ \$5,000 per space). Comparables #1 and #3 required adjustments to reflect their differences in bedroom counts (@ \$3,000 per bedroom). Comparables #1 and #4 required adjustments to reflect their superior overall condition (@ 5%) and to reflect the subject's lack of central heating and air (@ \$5,000). Comparables #3 and #4 required adjustments to reflect their significant differences in parcel size (@ \$15,000/ac). Comparable #1 required an adjustment to reflect its shop amenity (@ \$20,000). Comparable #3 required an adjustment to reflect its lack of dual pane windows (@ \$3,000). Comparable #4 required an adjustment to reflect its superior bathroom count (@ \$5,000 per full bathroom).

Adjustments are based on current and/or historic paired sales, when available and/or applicable, or based on the appraiser's knowledge of market reaction to differences in amenity within this market area. The use of comparables located in excess of a one mile radius from the subject property and sales in excess of six months old is typical when appraising rural/residential properties within the subject's market area and was necessary due to a lack of sales, pending sales and/or active listings more similar overall to the subject property from within the immediate area. After making all the necessary adjustments to all comparables, these comparables are considered to be the most recent, most similar and best indicators of current market value. After adjustments, most consideration in the final opinion of value was given to comparable sale #2 as it is the most similar overall to the subject and is supported by sale #1 and comparable #4, a pending sale. The opinion of value developed within this report is below the predominate value for the area, however, falls within the typical value range.

Levitt Appraisal Service COMMENT ADDENDUM

File No. **22-0232** Case No.

Borrower Fernandes, Cesar & Maria

Property Address 324 Fransil Lane							
City Turlock	County	Stanislaus	State	CA	Zip Code	95380	
Lender/Client Salas Financial Address 9320 Chesapeake Drive Suite 116, San Diego, CA 92123							

COMMENTS ON EXPOSURE TIME:

An opinion, based on supporting market data, of the length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. The appraiser has determined the subject property would have to be exposed for 14 - 45 days in order to have a market value range of \$390,000 - \$435,000 on the effective date of this appraisal.

INTENDED USER:

Clarification of Intended User - (Certification #23) The Intended User of this appraisal report is the Lender/Client (Salas Financial). The Intended Use is to evaluate the property that is the subject of this appraisal for a mortgage finance transaction, subject to the stated Scope of Work, purpose of the appraisal, reporting requirements of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

DISCLOSURE OF PRIOR APPRAISAL AND/OR OTHER SERVICES:

In compliance with the ethics rule of the Uniform Standards of Professional Appraisal Practice (USPAP), I hereby certify that to the best of my knowledge and belief, I have not performed any prior services regarding the subject property, as an appraiser, or in any other capacity, within the 3 year period immediately preceding acceptance of this appraisal assignment. Furthermore, I certify that I do not have any current or prospective interest in the subject property or the parties involved.

This appraisal has been performed in accordance with the requirements of Title XI of the Financial Institution Reform, Recovery and Enforcement Act of 1989 (U.S.C.3331 et seq.), and any implementing regulations.

MLS photographs of the comparable properties have been utilized within this report

Gregory L. Levitt Appraiser, AL031586

Uniform Residential Appraisal Report

File No. **22-0232** Case No.

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Freddie Mac Form 70 March 2005 Fannie Mae Form 1004 March 2005

Uniform Residential Appraisal Report

File No. **22-0232** Case No.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

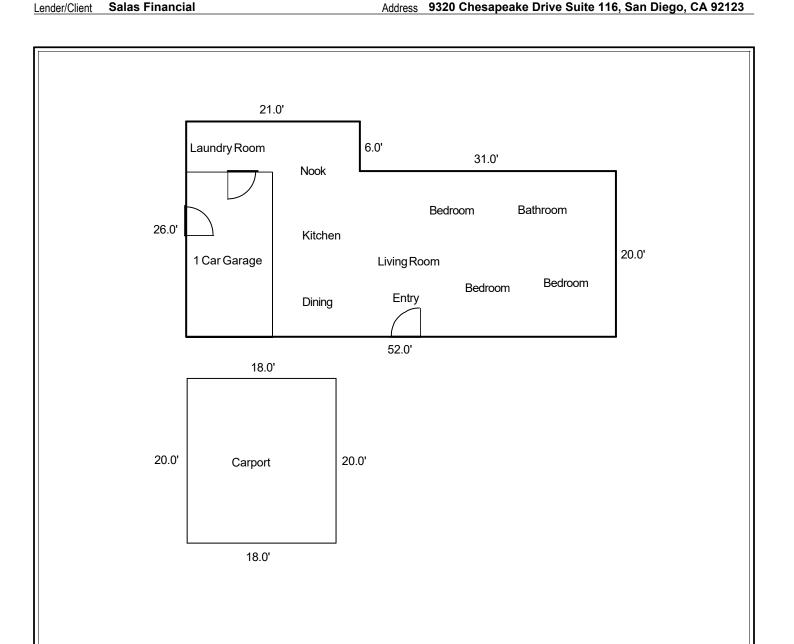

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

MULTI PURPOSE SUPPLEMENTAL ADDENDUM FOR FEDERALLY RELATED TRANSACTIONS

File No. **22-0232** Case No.

Borrower/Client Fernandes, Cesar & Maria										
Property Address 324 Fransil Lane										
City Turlock	County		Stanislaus	State	CA	Zip Code	95380			
Lender Salas Financial		Address 9320 Chesapeake Drive Suite 116, San Diego, CA 92123								

This Multi-Purpose Supplemental Addendum for Federally Related Transactions was designed to provide the appraiser with a convenient way to comply with the current appraisal standards and requirements of the Federal Deposit Insurance Corporation (FDIC), the Office of the Controller of Currency (OCC), The Office of Thrift Supervision (OTS), the Resolution Trust Corporation (RTC) and the Federal Reserve.

and the Federal Reserve.			
This Multi-Purpose Supplement Addendum is for use with any appraisal. Only those statements which have been checked by the appraiser apply to the property being appraised.			
PURPOSE & FUNCTION OF APPRAISAL			
The purpose of the appraisal is to estimate the market value of the subject property as defined herein. The function of the appraisal is to assist the above-named Lender in evaluating the subject property for lending purposes. This is a Federally related transaction.			
X EXTENT OF APPRAISAL PROCESS			
The appraisal is based on the information gathered by the appraiser from public records, other identified sources, inspection of the subject property and neighborhood, and selection of comparable sales within the subject market area. The original source of the comparables is shown in the Data Source section of the market grid along with the source of confirmation, if available. The original source is present first. The sources and data are considered reliable. When conflicting information was provided, the source deemed most reliable has been used. Data believed to be unreliable was not included in the report nor used as a basis for the value conclusion.			
X The Reproduction Cost is based on Marshall & Swift Residential Cost Services supplemented by the appraiser's knowledge of the local market.			
X Physical depreciation is based on the estimated effective age of the subject property. Functional and/or external depreciation, if present, is specifically addressed in the appraisal report or other addenda. In estimating the site value, the appraiser has relied on personal knowledge of the local market. The knowledge is based on prior/or current analysis of site sales and/or abstractions of site values from sales of improved properties.			
X The subject property is located in an area of primarily owner-occupied single family residences and the Income Approach is not considered to be meaningful. For this reason, the Income Approach was not used.			
The Estimated Market Rent and Gross Rent Multiplier utilized in the Income Approach are based on the appraiser's knowledge of the subject market area. The rental knowledge is based on prior and/or current rate surveys of residential properties. The Gross Rent Multiplier is based on prior and/or current analysis of prices and market rates for residential properties.			
For income producing properties, actual rents, vacancies and expenses have been reported and analyzed. They have been used to project future rents, vacancies and expenses.			
X SUBJECT PROPERTY OFFERING INFORMATION			
According to the local MLS service, the subject property:			
X SALE HISTORY OF SUBJECT PROPERTY			
According to Public Records (Parcelquest) the subject property: has not transferred in the past twelve months. X has not transferred in the past 36 months. has transferred in the past twelve months. has transferred in the past 36 months. X All prior sales which have occurred in the past months are listed below and reconciled to the appraised value, either in the body of the report or in the addenda. Date Sales Price Document # Seller Buyer			
X FEMA FLOOD HAZARD DATA			
X Subject property is not located in a FEMA Special Flood Hazard Area. Subject property is located in a FEMA Special Flood Hazard Area. Zone FEMA Map/Panel# Map Date Name of Community X 06099C-0800F 08/24/2021 Stanislaus County			
The community does not participate in the National Flood Insurance Program. X The community does participate in the National Flood Insurance Program. X It is covered by a regular program. It is covered by an emergency program.			

Levitt Appraisal Service File No. 22-0232 Case No. X CURRENT SALES CONTRACT The subject property is currently not under contract. The contract and/or escrow instructions were not available for review. The unavailability of the contract is explained later in the addenda section. The contract and/or escrow instructions were reviewed. The following summarizes the contract: **Contract Date Amendment Date Contract Price** Seller The contract indicated that personal property was not included in the sale. The contract indicated that personal property was included. It consisted of Estimated contributory value is \$ Personal property was not included in the final value estimate. Personal property was included in the final value estimate. The contract indicated **no financing concessions** or other incentives. The contract indicated the following concessions or incentives: If concessions or incentives exist, the comparables were checked for similar concessions and appropriate adjustments were made, if applicable, so that the final value conclusion is in compliance with the Market Value defined herein. MARKET OVERVIEW Include an explanation of current market conditions and trends. month(s) is considered a reasonable marketing period for the subject property based on on MLS statistical data X ADDITIONAL CERTIFICATION The Appraiser certifies and agrees that: Their analyses, opinions and conclusions were developed, and this report was prepared, in conformity with the Uniform Standards of Professional Appraisal Practice ("USPAP"). Their compensation is not contingent upon the reporting of predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result, or the occurrence of a subsequent event. This appraisal assignment was not based on a requested minimum valuation, a specific valuation, or the approval of a loan. X ADDITIONAL (ENVIRONMENTAL) LIMITING CONDITIONS The value estimated is based on the assumption that the property is not negatively affected by the existence of hazardous substances or detrimental environmental conditions unless otherwise stated in this report. The appraiser is not an expert in the identification of hazardous substances or detrimental environmental conditions. The appraiser's routine inspection of and inquiries about the subject property did not develop any information that indicated any apparent significant hazardous substances or detrimental environmental conditions which would affect the property negatively unless otherwise stated in this report. It is possible that tests and inspections made by a qualified hazardous substance and environmental expert would reveal the existence of hazardous substances or detrimental environmental conditions on or around the property that would negatively affect its value. X ADDITIONAL COMMENTS None X APPRAISER'S SIGNATURE & LICENSE/CERTIFICATION 08/24/2022 08/30/2022 Appraiser's Signature Effective Date Date Prepared Gregory L. Levitt 209) Appraiser's Name (print) Phone # (603-2023 84-3998646 State CA X License Certification # AL031586 Tax ID# **CO-SIGNING APPRAISER'S CERTIFICATION** The co-signing appraiser has personally inspected the subject property, both inside and out, and has made an exterior inspection of all comparable sales listed in the report. The report was prepared by the appraiser under direct supervision of the co-signing appraiser. The co-signing appraiser accepts responsibility for the contents of the report including the value conclusion and the limiting conditions, and confirms that the certifications apply fully to the co-signing appraiser. the co-signing appraiser has not personally inspected the interior of the subject property and: has not inspected the exterior of the subject property and all comparable sales listed in the report. has inspected the exterior of the subject property and all comparable sales listed in the report. The report was prepared by the appraiser under direct supervision of the co-signing appraiser. The co-signing appraiser accepts responsibility for the contents of the report, including the value conclusions and the limiting conditions, and confirms that the certifications apply fully to the co-signing appraiser with the exception of the certification regarding physical inspections.
